Subject: Motion of Request for Information

I request that the Oneida Personnel Commission subpoena information most vital for my Employee Protection case from the Executive Director of the Oneida Housing Authority, Dale P. Wheelock. Recently OHA had put in surveillance cameras at the front desk which shows everyone's comings and goings in the building. I request that a copy of the video tape beginning 06/28/2011 through 07/02/2011. Mr. Wheelock of OHA has this information; however, this information is extremely time sensitive as the tapes get reused rather quickly. These tapes will help prove that Mr. Hill lied about his hours at the office on the above mentioned dates. In, addition it will also show OPD entering OHA at the request of Mr. Hill the morning of 07/01/2011.

The second item I would like subpoenaed from OHA would be ALL invoices (corrected and uncorrected) from the vendor JJ Construction. I am sure this will need the OHA Director's approval; however, Cindy Kohl or Dana McLester at OHA would be able to obtain this information. There is also a letter/packet sent out to Mary White, Grant Management Specialist for H.U.D. that addresses the issues with the vendor JJ Construction, which I would like a copy of. This letter/packet was sent by Mr. Hill and then forward on to Mary White, Shane John, and Dale P. Wheelock. This letter will help prove the mismanagement of moneys by the O.R.E.E.P. program and in addition catch Mr. Hill in a lie to our three million dollar funding source. In the letter Mr. Hill states that an audit was conducted on the vendor JJ Construction; however, an audit was never completed which I already hold proof of. I would suggest contacting Mr. Wheelock for a copy.

The above mentioned material is critical to my case and I request that you take great consideration and time in tracking down said information. If you have any questions or concerns please feel free to contact me. I greatly appreciate it.
