**RE: *Marco Araujo, MD, et al vs Green Box NA Green Bay, LLC*
Case No. 15-CV-769**

Dear Judge Zakowski:

Your Honor:

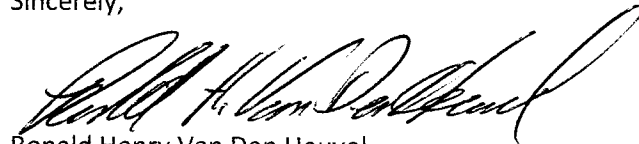

Because of IRS issues, there is no way Ronald Van Den Heuvel can personally provide the court with a \$650,000.00 bond, and there is no way Green Box can provide a bond because it is in involuntary receivership. Furthermore, neither party can return the GB Kool Unit #2 because it was here and was paid for by and therefore belongs to a third party.

That unit was bought and paid for by a company from Atlanta, GA. That company has taken possession of its unit and brought it to South Carolina. Thus, there is no way Green Box could comply with your Order by returning the second unit.

Green Box is asking your Honor to simply set a contempt hearing date so Green Box and Ron Van Den Heuvel can have the chance to explain the ownership of the GB Kool Unit #2 and find a resolution that will satisfy all parties. The Clifton Group currently is being sued by Environmental Advanced Reclamation Technology HQ, LLC for breach of contract the Clifton Group never paid enough monies in total to purchase two Thermal Degradation Units therefore ownership of both units is impossible.

Thank you in advance for your consideration. All parties are being copied on this letter.

Sincerely,

Ronald Henry Van Den Heuvel
Chairman
