What's the TRUTH about ... ?

Ron Van Den Heuvel's 20-Year business relationship with **Generation Clean Fuels / ACF Leasing / ACF Services** manager & owners **Michael Galich, Michael Flaherty & Gaylen LaCrosse** of **Aqua 2MG / Recovering Aqua Resources Tech. Inc.** and the **secret multimillion dollar 'settlement'** resulting from the **Master Lease Agreement OSGC & GBRE's CEO** signed regarding a 'Pyrolysis' project in **Cheboygan, Michigan** on **May 24, 2013** – the *exact same* day **Ron** registered a new company ... **Cheyboygan Energy & Biofuels**

What's the TRUTH about ... ?

Oneida Seven Generations Corp. and
Green Bay Renewable Energy LLC's counsel
Godfrey & Kahn *suing* the **City of Green Bay** in
defense of 'green' schemes by a group **Ron** describes as
“**sixteen of us that work these patents,**”
including **ACF / GCF**, and **Abdul Latif Mahjoob's**
American Combustion Technologies Inc. / ACTI,
now sued for **equipment failure & breach of contract**, and
fraudulent conveyance after filing for **bankruptcy**

Godfrey & Kahn pitched risky 'green energy' finance schemes like Green Box & ACF / GCF to tribes at 'energy & economic development' conferences even *after* GTC had voted to prohibit gasification on our reservation.

Yet, Godfrey & Kahn was also hired by Ron's victim Dr. Marco Araujo – *suing* Green Box for fraud with Wisconsin Economic Development Corp. / WEDC as co-plaintiff – and was also hired to defend billionaire Sharad Tak against Ron's 'green energy' finance schemes. A judge ruled that \$92 Million Ron 'borrowed' from family company VHC Inc. “wasn't bona fide debt.”
