Re: United States v. McKelvy, 15-cr-398-3

Attention: Matt Higgins, Deputy Clerk

Dear Judge Slomsky:

As the Court knows, defendant Wayde McKelvy had initially moved for an extension of time of 30 days from the date we received the transcripts and the Court granted that motion, at Doc. No. 231. We received the transcripts by email on January 18, 2019, which meant that our supplemental memos are due on February 19, 2019. Because both the issues and the record are extremely complex, McKelvy requests an additional extension of time of 30 days from February 19, 2019, within which to file our supplemental memoranda under Rules 29 and 33.

The government has advised they do not oppose our request.

Thank you for your consideration of this matter.

Sincerely,

Walter S. Batty, Jr.
