#### **PROBABLE CAUSE:**

STATE OF WISCONSIN - VS - Jolee Michael Skenandore

The complainant, being duly sworn on oath, swears that she has had the opportunity to review the police reports from Officers Alberts and Hanson of the De Pere Police Department, and other documents supporting this complaint referenced herein, which are the types of reports and documents kept in the ordinary course of business, which complainant believes to be truthful and reliable because they have proven to be truthful and reliable on numerous occasions in the past.

The complainant further asserts that based upon her review of the referenced reports and/or supporting documents, the incidents alleged occurred in the City of De Pere, Brown County, Wisconsin.

1. Complainant's review of a report prepared by Officer Hanson of the De Pere Police Department which indicates:

On 01/16/2022, I, Officer Hanson, responded to 720 Oak Street in the City of De Pere, for a trespassing complaint. The caller, while on the phone with dispatched, believed there were two people in her garage and possibly trying to steal her vehicle. She believed the subjects were intoxicated and in the vehicle by mistake. While patrol unit were arriving, dispatched relayed that the complainant had the keys to the vehicle and did not believe the subjects were able to steal the vehicle.

When officers arrived, we walked down the driveway of 720 Oak Street to approach a black SUV parked in the garage. As I was checking the back yard area, I overheard Officer Alberts giving commands to someone inside the vehicle. The subject was cooperative, opening the door and exiting the vehicle. The subject, later identified as **Jolee M. Skenandore (1/29/75)**, walked back to officers with his hands placed on his head. Since I did not have a firearm out, I chose to detain Jolee. I placed restraints around his wrists and patted him down.

While patting down Jolee, I felt something resembling a wallet in his left front pocket. I asked him what the item was and he responded he thought it was his wallet. I asked him if I could go into his pocket. He said I could do whatever I wanted. I told him I needed a yes or no answer. He told me "Yes". As I pulled out his wallet I observed something fall out onto the ground. The item was stuck to the wallet and fell to the ground when I pulled the wallet out of his pocket. It came to rest in the driveway, not far from the left foot of Jolee. Officer Townsend bent over and picked up a small plastic bag off the ground which contained a crystal-like appearance. Based on my training and experience I believed this to be methamphetamine.

During our initial contact with Jolee, he exhibited signs of methamphetamine use. He had a hard time standing still. His movements were rapid and he had a hard time focusing. I could hear Jolee trying to lick the inside of his mouth and his teeth but he didn't have any saliva. I asked Jolee what type of drug he had ingested prior to our contact. When he denied it, I referenced his behavior and he told me he has used "meth" and has done "cocaine" in the past but not tonight. Jolee was now in custody for possession of methamphetamine. Officer Alberts pulled his squad car up to the driveway and Jolee was placed in the rear of the squad.

I turned the suspected methamphetamine over to Officer Alberts who placed it in a brown paper bag and placed it in the front passenger side compartment of the vehicle where I was

sitting. The suspected methamphetamine remained in our possession or in the locked patrol vehicle prior to being processed at the police department.

2. Complainant's review of a report prepared by Officer Alberts of the De Pere Police Department which indicates:

On January 16, 2021 at 0603 hrs, De Pere Police officers were dispatched to an auto theft located at 720 Oak St. De Pere, WI. The caller, M.R.M., told dispatch someone was stealing her vehicle out of garage. M.R.M. advised dispatch the vehicle was still in the garage and had not left, but the vehicle was on. M.R.M. told dispatch she believes there are two males involved and had no idea who they are. M.R.M. said the garage door was open from last night by accident. M.R.M. screamed at dispatch she thinks the "suspects" turned the garage light on, but now the vehicle is off. M.R.M. said she had the keys inside the house. M.R.M. told dispatch she was sleeping and heard a crash.

I, Officer Alberts, and FTO Hanson arrived in the area, parking down the street to wait for Officer Townsend. I approached the address and observed a detached garage with an open door at the end of the driveway for the call address. There was a vehicle parked inside the garage bearing WI license plate 760WTN (a black Volkswagen Tiguan) Officers approached the garage to look for the suspects. I did not see anyone outside in the yard or in the garage. I shined my flashlight at the rear window of the SUV and observed movement in the backseat; I then observed the upper part of a face turn and look out the back window in my direction. I withdrew my firearm and yelled the command to get out of the car. A male wearing a black hat, black jacket stepped out of the backseat area of the car. I directed him to turn around and place his hands behind his head. I told the male to walk back to the sound of my voice. Once the male was within reach, FTO Hanson handcuffed the male.

Officer Townsend and I cleared the vehicle to verify there were no other subjects. No other persons were found. Officer Hanson located a wallet on the male and he handed it to me. I identified the male by Arizona driver's license as **Jolee M Skenandore (01/29/1975)**. Jolee was detained in the driveway with handcuffs behind his back. Jolee was asked what happened. Jolee said he was in the car because it was cold and he was told to go there. Jolee said his phone had been acting up and someone was sending him messages to go to 720 Oak to drop money off. I observed Jolee to have very unusual body movement, he was fidgety and could not stand still while speaking with FTO Hanson and I. Jolee was grinding his teeth and appeared to have "cotton mouth". Jolee was asked if he had been drinking or had taken drugs. Jolee said he took meth and had a little to drink. Jolee did not know the people who lived at 720 Oak St and also did not have permission to be on the premise or in the SUV that was parked in the garage. Officer Townsend located a baggy of white powdery substance on the driveway where Jolee was searched. From my training and experience, I believed the white powdery-crystal like substance to be methamphetamine. (The substance was later tested positive for Methamphetamine). I took custody of the substance placing it in my squad car for safe keeping. Based off my training and experience, the movements and behavior of Jolee coincide with methamphetamine use.

I searched Jolee at the hospital and located a bottle of lubricant and women's panties in his left jacket pocket. I read Jolee his Miranda Rights, he stated he understood his rights and would talk to Officers. I asked Jolee what happened. Jolee said his phone was acting odd and getting hacked lately. He said he was contacted by phone from an unknown person who was sending

STATE OF WISCONSIN - VS - Jolee Michael Skenandore

him messages and commands. Jolee said a few of the commands were to drop money off at random houses or to random people. Jolee said he was also invited to a sex party by this unknown person sending messages. Jolee was under the impression the address of 720 Oak St. was the location of the sex party. Jolee said he tried to open the door to the house (720 Oak) but could not get inside, however the light in the garage turned on and Jolee thought it was a sign to go to the garage. Jolee said he was then given a command by the unknown person to get in the driver seat of the car, which he did. Jolee then said a command was given to get into the backseat, which is where Officers soon located him. When questioned about the women's undergarments and bottle of lubricant found in his jacket, Jolee said he was going to wear the items at the party. Jolee said something along the lines of; he was following the commands of this unknown person just to suffice the person. I asked Jolee when he last had taken meth; he said probably about an hour before the cops were called.

The white crystal/powdery substance was tested at the De Pere Police Department with a Liebermann Reagent test kit. The substance tested positive for Methamphetamine. The substance was weighed on a scale in original packaging; total weight 1.0grams. The substance was packaged/photographed and secured in a submission locker at the De Pere Police Dept.

3. Complainant's review of a report prepared by Officer Townsend of the De Pere Police Department which indicates:

On 01/16/2021 at approximately 06:00 AM, I, Officer Townsend, FTO Hason and Officer Alberts were dispatched to 720 Oak Street for a report of males in the complainant's garage who appeared to be in the process of stealing their car out of the garage. I arrived on scene with the other officers and we made our way up to 720 Oak Street. I observed the garage was a single car detached garage set back behind the house on the west side of the house. One vehicle was in the garage with Wi registration #760-WTN. We approached the garage and Officer Alberts began making announcements into the garage ordering whoever was inside to come out. A male party later identified as **Jolee Skenandore** exited the passenger side rear seat of the vehicle and we ordered him to raise his hands above his head and face away from us and he did comply. Jolee was somewhat cooperative but also was not listening well and kept turning around to look at us and putting his hands down/ reaching down to the ground despite being told not to. Jolee was ordered to walk back to us which he did. FTO Hanson applied handcuffs to Jolee. Jolee stated no one else was in the car. Officer Alberts and I cleared the garage and the car and found no one else inside. While FTO Hanson was searching Jolee I observed a small cellophane baggie of white powder fall out of Jolee's pocket. Officer Alberts and FTO Hanson stayed with Jolee while I went and spoke to the victim.

I spoke to the victims inside the residence. I identified the caller as M.T.M. who resides at the residence with her husband, A.T.S. M.T.M. stated that at around 6 AM she was awoken by her dog barking, and heard someone pounding on their side door. M.T.M. stated she woke A.T.S. and looked outside and saw a male who she did not recognize in their driveway. M.T.M. stated he was talking like there was someone with him and he then went into their garage, which the garage door had been left open on, and got into their vehicle which had been left unlocked. M.T.M. stated she believed there was more than one male and that they were possibly attempting to steal the vehicle and she called police. M.T.M. stated she did not know the male

STATE OF WISCONSIN - VS - Jolee Michael Skenandore

and never gave the male permission to be on their property, or to enter their garage or their vehicle.

Shortly after, Sgt. Glime advised that Jolee had been found to be in possession of women's underwear and M.T.M. stated she did not believe those items belonged to her.

Based on the foregoing, the complainant believes this complaint to be true and correct.
